

Facebook Autoclick

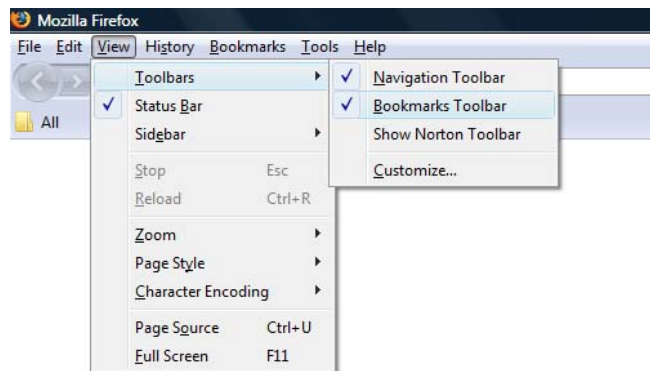

1. Javascript Code:

This is the javascript code that should be executed one you're 'invite friends' page.

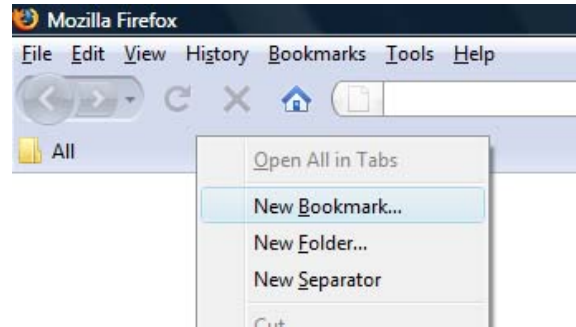

```
var ul=document.getElementById('friends');  
  
var allLi=ul.getElementsByTagName('li');  
  
for(i=0;i<allLi.length;i++){  
  
if(allLi[i].className!='selected')  
  
fs.click(allLi[i]);  
  
}  
  
void(0);
```

2. How to add the bookmarklet:

- a) Check that the 'Bookmarks Toolbar' is visible.

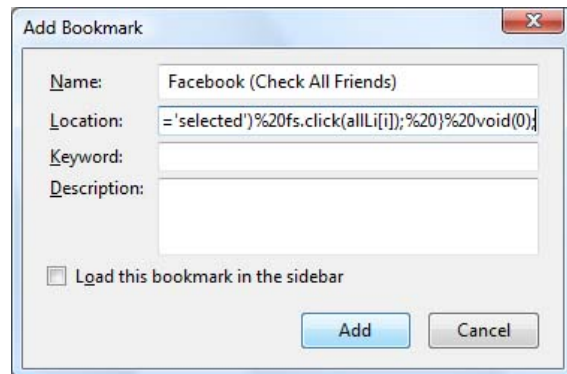

- b) Right-Click on the 'Bookmarks Toolbar' and choose 'Add New Bookmark'.

- c) In the new window that appears, enter 'Facebook (Check All Friends)' in the 'Name' text field, and in the location enter this:

```
javascript:var%20ul=document.getElementById('friends');%20var
%20allLi=ul.getElementsByTagName('li');%20%20for(i=0;i<allLi.length;i++)
%20{%20if(allLi[i].className!='selected')%20fs.click(allLi[i]);%20}%20void(0);
```

Then click on Add.

- d) You'll notice that a new Bookmark has been added to your 'Bookmarks Taskbar'. Click on it once you're on the 'Invite Friends' page, in an event, to check all your friends.
